MEMORANDUM FOR: Deputy Assistant Director/OSA

SUBJECT : [REDACTED] and  
Family

25X1C

1. With the hope that I'm not wearing out my welcome with you on this particular matter, I sincerely, and after considerable thought, propose the following:

a. I will contact [REDACTED] and advise him of the rather severe restrictions now being placed on our use of first class air travel.

b. Provide [REDACTED] with a schedule of flights for Los Angeles departing both Friendship and Dulles, economy and one class.

25X1C

c. Have [REDACTED] offer [REDACTED] the option of choosing the flights he feels would be most suitable from his standpoint departing 15 June.

d. Ascertain what additional baggage, if any, he has over and above the 200 pounds he and his family would be authorized on a domestic flight (economy or one class).

e. Authorize excess baggage in the amount of 20 pounds, and any additional amount by air freight.

2. I honestly feel sure such a trip would not impose any undue hardships on this family and if the question should ever arise regarding first class accomodation for [REDACTED] and family, our only answer is that our ground rules have changed.
